University of Washington, Department of Statistics
Padelford Hall, Box 354322

EDUCATION

University of Washington, Seattle, WA — Sept. 2018 - Present
Ph.D. (anticipated) in statistics
Advisor: Elena Erosheva
Primary research interests include nonparametric theory and Bayesian models applied to the social sciences. Coursework in statistical inference, machine learning, nonparametric statistics, regression methods, statistical computing, statistical demography, and spatial statistics. Passed first-year theory exam (June 2019) and research preliminary exam (June 2020).

St. Olaf College, Northfield, MN — Sept. 2013 - May 2017
B.A. in mathematics; concentration in statistics
Graduated *summa cum laude*. Member of *Phi Beta Kappa* (liberal arts honor society); member and treasurer of *Pi Mu Epsilon* (mathematics honor society). Mentor for high school students from underrepresented communities through the TRiO Upward Bound program in Minneapolis and St. Paul public schools (2013-14 and 2014-15 academic years).

RESEARCH EXPERIENCE

Research Assistant — Sept. 2020 - Present
University of Washington - Department of Statistics
Simultaneous Score and Rank Data Mixture Modeling
Supervisor: Elena Erosheva

Research Assistant — Sept. 2019 - June 2020
University of Washington - Department of Statistics
Simulation Study of Nonparametric Clustering Methods
Supervisor: Werner Stuetzle

Statistical Fellow — Sept. 2016 - Sept. 2017
St. Olaf College - Center for Undergraduate Research
Unsupervised Algorithm for Increased Spatial Resolution in Molecular Tagging Velocimetry Images
Supervisors: Rodrigo Sanchez-Gonzalez and Matthew Richey

WORK EXPERIENCE

Boeing Research and Technology — June - Dec. 2019; June - Sept. 2020
Applied Statistics Intern

Performed research involving nonparametric statistics and design of experiments. Formulated, developed, and tested web-based statistical tools for company engineers. Consulted across the company, including end-to-end analysis and communication of findings.

Deloitte LLC — Oct. 2017 - Aug. 2018
Analytics Consultant

Verified the accuracy and completeness of complex statistical models using SAS, R, Python, and Excel for a global bank to ensure compliance with regulatory financial stress-testing. Analyzed anti-money laundering policy, practices, and legal requirements for a global bank, ultimately implementing changes to an existing customer on-boarding system.

TEACHING AND MENTORSHIP

Directed Reading Program Mentor
University of Washington
"Nonlinear Regression" Winter 2020, Winter 2021, Spring 2021
"History and Practice of Data Communication" Autumn 2020

Teaching Assistant
University of Washington
Applied Statistics Capstone (STAT 528) Winter 2021
Statistics and Philosophy of Voting (STAT 498 / CSSS 594) Autumn 2020
Elements of Statistical Methods (STAT 311) Autumn 2018, Winter 2019
Introduction to Probability and Mathematical Statistics III (STAT 342) Spring 2019
Statistical Reasoning (STAT 220) Autumn 2019

Supplemental Instruction Leader
St. Olaf College
Calculus II (MATH 126) Spring 2017
Modern Computational Mathematics (MATH 242) Spring 2017

CONFERENCE PARTICIPATION

Joint Statistical Meetings, Seattle, WA August 2021
Unified latent class modeling of score and rank data applied to grant panel review (speed session).

MAA MathFest, Chicago, IL July 2017
A new method for computational analysis of high-speed gas flows (Pi Mu Epsilon student paper session).

National Conference on Undergraduate Research, Memphis, TN Conference April 2017
Analysis of high-speed gaseous flows using molecular tagging velocimetry and the Hough transform (poster presentation).

READING GROUP AND LAB PARTICIPATION

Applied Bayesian and Computational (ABC) Statistics Working Group Sept. 2019 - Present
Statistics Education Reading Group Sept. 2019 - Present
Statistical Learning Applied to Biostatistics (SLAB) Lab Sept. 2019 - March 2020
Space-Time Reading Group Jan. - May 2019

SKILLS

Programming R (fluent), Python (proficient)
